LIABILITY SHIELDS AND RISK ASSUMPTION

ESTIMATE, CONSENT, AND SCOPE OF WORK

5-FOOT HAZARDOUS WORK ZONE: The Service Provider defines a 5-FOOT EXCLUSION ZONE around the Vehicle. The Customer and all invited guests, occupants, or other bystanders ("Bystanders") are strictly prohibited from entering this zone without the express, recorded permission of the Service Provider.

EXPRESS ASSUMPTION OF RISK (AOR): THE CUSTOMER AND ALL BYSTANDERS EXPRESSLY AND VOLUNTARILY ASSUME ALL RISK OF PERSONAL INJURY, DEATH, OR PROPERTY DAMAGE RESULTING FROM ENTRY INTO THE HAZARDOUS WORK ZONE. By entering the work zone, the Customer waives any right to claims resulting from the inherent hazards of automotive repair operations or the Service Provider's ordinary negligence.

Premises and Incidental Surface Damage Release: The Customer releases the Service Provider from all liability for REASONABLE AND INCIDENTAL SURFACE DAMAGE to the premises, including: Tire or equipment ruts in soft earth, grass, or gravel. Marks caused by jack stands or heavy tools on paved surfaces. Minor or residual fluid spots (oil, coolant).

"AS-IS" Parts & Implied Warranty Disclaimer: The limited express warranty provided is IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED. The Service Provider expressly disclaims the implied warranty of merchantability and fitness for a particular purpose. ALL PARTS (whether supplied by Mechanic or Customer) are provided "AS IS" with no warranty from the Service Provider.

Hold Harmless (Customer Parts Failure): The Customer agrees to INDEMNIFY AND HOLD HARMLESS the Service Provider from any liability, damage, or cost (including resulting collateral vehicle damage, repair, or delay) arising from the failure, defect, or incompatibility of any part supplied by the Customer.

B. PREMISES WARRANTY AND INDEMNIFICATION

Customer Warranties of Premises: The Customer warrants that the Service Location provides a stable, level surface. The Customer also warrants that the location is legally compliant with all applicable local zoning ordinances, municipal codes, and Homeowner Association (HOA) covenants for temporary commercial services. The Customer agrees to indemnify and hold harmless the Service Provider from any fines, governmental penalties, or litigation.

STATUTORY CONSENT & SCOPE DEFINITION

Diagnosis vs. Repair: Diagnosis involves inspection and assessment services, which are non-refundable. Authorized Repair involves physical installation or mechanical restoration.

Statutory Consent Threshold (S.C. Code Requirement): South Carolina State Law gives the Customer the right to a written estimate. The Service Provider must obtain the Customer's written consent if the final charges will exceed the initial written estimate by the lesser of fifty dollars (\$50.00) or ten percent (10%) of the estimate amount.

MANDATORY LEGAL WARNING: WRITTEN CONSENT REQUIRED: If the Customer does not consent in writing via a supplement addendum, no charges exceeding the statutory threshold will be authorized. All changes must be documented and signed by both the Customer and Service Provider. Verbal approvals are null and void.

Replaced Parts Disposition (S.C. Code S 56-33-40 Requirement): By signing, the Customer waives the right to retain replaced parts, unless otherwise noted on the face of the Estimate. Exceptions apply for parts required to be returned to the manufacturer under warranty, trade-in, or core charge agreements.

WARRANTY AND WORK ENVIRONMENT WARNINGS

Standard Express Warranty (Service Provider Supplied Parts Only): A limited 12 MONTHS/12,000 MILES parts and labor warranty is provided only for parts supplied and installed directly by the Service Provider. This warranty specifically excludes all consequential or incidental damages, including but not limited to, towing expenses, rental car expenses, lodging, and loss of income.

CONSPICUOUS WARNING: TEMPORARY INDUSTRIAL WORKSPACE: The Customer acknowledges that the work area immediately surrounding the Vehicle is a TEMPORARY INDUSTRIAL WORKSPACE involving inherent hazards, including heavy tools, high-pressure equipment, hydraulic lifting devices, hot components, and volatile fluids.
